

Ena chair

Technical information sheet

Product info

Design Salih Teskeredžić

Item no. 069
Size (cm) W: 45, D: 56, H: 84

Legs Solid oak
Seat Main Line Flax fabric
 Facet felt
 Toledo leather

Technical features

Leg frame

Ena chair one-piece leg stand is made out of solid wood - oak. The chair apron is stiffened with corner brackets on its inner side. Felten gliders are attached to the chair legs and are suitable for most flooring options.

Upholstery

Moulded beech plywood shell is upholstered in foam and available in three upholstery material options: leather, fabric or felt. Upholstered shell is fixed to the chair stand with metal screws. For further information please see Available materials and colors page in this document.

Finish

Wooden parts are available in two plant-based Hardwax oil finishes (colors), which retains wood natural state, as a white or natural oil.

Cleaning

Please see Product or Material page on our website.

Notes to consider

The dimensions shown in this document are indicative, they may vary due to the natural properties of wood, season, or manufacturing processes, for these reasons deviations from the specified size may occur, usually no more than 1 cm.

Natural variations in wood color and surface may occur. Regular maintenance will ensure the wood preserves its authentic beauty and can last for generations.

Standards and certifications

Ena chair fulfils requirements of standards BAS EN 12520:2011 - Furniture - Strength, durability and safety - Requirements for domestic seating, BAS EN 1022:2009 - Furniture - Seating - Determination of stability, BAS EN 1728:2014 + BAS EN 1728/Cor1:2014 - Furniture - Seating - Test methods for the determination of strength and durability.

For all additional inquiries regarding the Ena chair please feel free to contact us.
