

Fawn storage units

Technical information sheet

Basic info

Design Salih Teskeredžić

Material Solid oak

Technical features

Structural frame

Storage unit body, as well as all inside shelves, drawers, fronts and legs are made of solid wood - oak, except storage unit back panel and drawer bottom panels which are made of oak veneered high-density fiberboard.

Finish

Available in two plant-based Hardwax oil finishes (colors), which retains wood natural state, as a white or natural oil.

Fronts

Solid oak front panels have wooden stiffeners on the inside which prevents minor changes in the dimensions of the wooden parts over time due to the hygroscopy.

Cleaning

Please see Product or Material page on our website.

Solid oak

White oil

Natural oil

Notes to consider

The dimensions shown in this document are indicative, they may vary due to the natural properties of wood, season, or manufacturing processes, for these reasons deviations from the specified size may occur, usually no more than 1 cm.

Natural variations in wood color and surface may occur. Regular maintenance will ensure the wood preserves its authentic beauty and can last for generations.

For all additional inquiries regarding Fawn storage units please feel free to contact us.

Reference - Storage space symbols

Space C - Compartment
D - Drawer
S - Shelf
CH - Cable hole

Position U - Upper
M - Middle
B - Bottom
R - Right
L - Left

Shape RC - Rectangular
CR - Circular

e.g. C-UR | Compartment - upper right
D-BL | Drawer - bottom left
CH-RC | Cable hole - rectangular
