

# Muna

## Technical information sheet

### Basic info

---

<b>Design</b>	Salih Teskeredžić
<b>Body</b>	Solid oak
<b>Backrest</b>	Form pressed veneer
<b>Seat</b>	Form pressed veneer Dakar leather Main Line Flax fabric

### Technical features

---

#### Body

Muna's body is made out of solid wood, while the bent backrest is made out of thin veneer slices of high-quality oak. Chair elements are connected with characteristic and visible wedged mortise and tenon joints. Felten gliders are attached to the chair legs and are suitable for most flooring options. The seat is attached to the body through matte black plastic seat spacers.

#### Seat

Three material options for a seat are available: as a form-pressed veneer seat or as leather or fabric upholstered options. For further information please see Available materials and colors page in this document.

#### Finish

Wooden parts are available in two plant-based Hardwax oil finishes (colors), which retain wood natural state, as a white or natural oil or two dark-colored Lacquered options as a Charcoal or Black.

#### Cleaning

Please see Product or Material page on our website.

### Notes to consider

---

The dimensions shown in this document are indicative, they may vary due to the natural properties of wood, season, or manufacturing processes, for these reasons deviations from the specified size may occur, usually no more than 1 cm.

Natural variations in wood color and surface may occur. Regular maintenance will ensure the wood preserves its authentic beauty and can last for generations.

### Standards and certifications

---

Muna chair and Muna lounge chair fulfil requirements of standard BAS EN 16139:2014 + BAS EN 16139/ Cor1:2014 Furniture - Strength, durability and safety - Requirement for non-domestic seating.

For all additional inquiries regarding Muna seating products please feel free to contact us.
