Technical features

Shelf

The shelf form is laser cut from a 2 mm thick flat steel sheet panel and then bent by 90 degrees in its final form. It has powder-coated and fine structure granulated surface finish available in four colors.

Wooden knob

The wooden knob has metal base in a same powder-coated color as the rest of the shelf. Wooden part has laser engraved branding on the inside and is available in plant-based Hardwax oil finish (white oil color), which retains wood natural state. Hanger bolts and plastic dowels needed for mounting are included in the packaging.

Notes to consider

The dimensions shown in this document are indicative, they may vary due to the natural properties of wood, season, or manufacturing processes, for these reasons deviations from the specified size may occur, usually no more than 1 cm.

Natural variations in wood color and surface may occur. Regular maintenance will ensure the wood preserves its authentic beauty and can last for generations.
