

Les sources d'inspirations
sont multiples et parfois
tout simplement techniques.

La chaise Iso
est issue d'une série
de contraintes ou plutôt
d'un challenge.

Il en résulte une chaise
au dessin structurel
apportant toute la résistance
nécessaire avec
des épaisseurs
matière minimum.

Iso

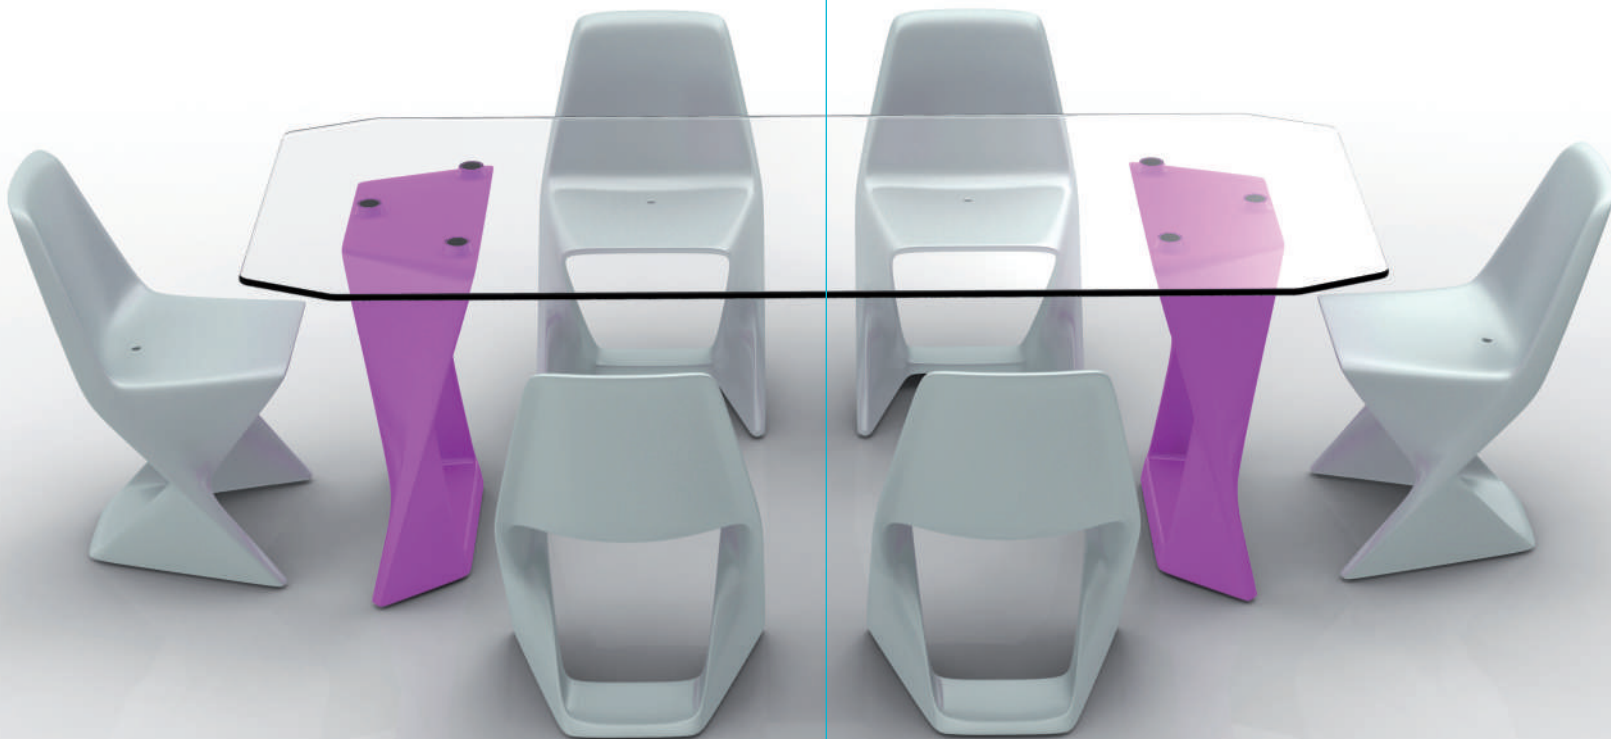

by Cédric Ragot

The inspirations are varied and sometimes quite technical. Iso is the chair after a series of constraints or rather a challenge. The result is a chair in structural design providing all the necessary strength with minimum material thickness.

Stacking**

Chaise

Les sources d'inspirations sont multiples et parfois tout simplement techniques. La chaise Iso est issue d'une série de contraintes ou plutôt d'un challenge. Celui de réaliser en rotomoulage une chaise empilable, confortable, tout en économisant au maximum la matière. Il en résulte une chaise au dessin structurel apportant toute la résistance nécessaire avec des épaisseurs matière minimum.

The inspirations are varied and sometimes quite technical. Iso is the chair after a series of constraints or rather a challenge. That of establishing a stackable chair in rotational molding, comfortable, and save up the matter. The result is a chair in structural design providing all the necessary strength with minimum material thickness.
